Summary

Hi I am Onubogu Chibuikem Onyedikachukwu. I am a talented software engineer with 6 years of experience in software engineering working with a variety of tools such as:

Javascript, ReactJs, NodeJs, Typescript, SQL/NoSQL databases and AWS.

Over my years as a software engineer:

- I have built full web applications from scratch till deployment.
- I have maintain and improve user experience for a startup with over \$75 million seed funding.
- I have Lead development teams to deliver cutting edge projects.
- I mentor junior developers on best practices.

I build cutting edge products that are beneficial to the end-users using the latest industry practice and pattern in my field.

You can rely on me to help you and your business achieve goals when software is needed.
